Q MEASUREMENTS GUIDE

**VIDEO: HOW TO MEASURE
FOR THE Q'S**
<http://bit.do/measureQ>

(Q1) FRONT OF ARMPIT TO LAT

TIP: hold a ruler horizontal under the armpit horizontal to the ground.

Measure from armpit to the top of the lateral webbing.

(Q2) OUTSIDE OF LIFT WEB TO LIFT WEB

Measure from the outside of the main lift web to the other side of the main lift web, at bottom of emergency handles.

(Q3) LIFT WEB TO LIFT WEB

Measure between main lift webs at bottom of emergency handles.

(Q4) HANDLE TO LATERAL

Measure from the top of the lateral band to the bottom of the emergency handle.

(Q5) HEIGHT OF LATERALS

Measure the width where the lateral band meets main lift web.

(Q6) BETWEEN BACKPAD LATERALS

On the backpad of the container, measure between the laterals where they meet the backpad.
